

STIRLING HORIZON

**HDB'S SALES LAUNCH
FEBRUARY 2025**

BTOgether

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs, even after residents have moved into the precincts. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes including but not limited to industrial, commercial or utility uses. Hence, residents may experience related disamenities including but not limited to higher noise levels and smell nuisance. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.

This brochure may contain forward-looking statements regarding future developments, projections, estimates, and other statements about HDB's plans, goals, and expectations on the development. Forward-looking statements are not guarantees of future results but are inherently subject to uncertainty, and actual results could differ materially from those anticipated in these statements.

HDB does not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. The information provided in this brochure is based on current expectations and beliefs, and there can be no assurance that the results and events contemplated by the forward-looking statements will indeed occur.

Prospective buyers are cautioned not to place reliance on these forward-looking statements. Any reliance on the forward-looking statements is at the sole risk and discretion of the recipient, and HDB disclaims any obligation to update or revise such statements to reflect changes in expectations or events, conditions, or circumstances on which any such statements are based. HDB shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly as a result of reliance on such forward-looking statements.

STIRLING HORIZON

Bordered by Queensway Road and Mei Chin Road, Stirling Horizon comprises 3 residential blocks ranging from 35 to 47 storeys, and with 1,126 units of 2-room, 3-room, and 4-room flats. These flats will be offered as Plus flats under the new flat classification (<https://www.hdb.gov.sg/cs/infoweb/residential/buying-a-flat/finding-a-flat/standard-plus-and-prime-housing-models>). 1 of the blocks will include 12 rental flats.

Artist's impression

Taking its name from the project's location within the Stirling estate in Queenstown, Stirling Horizon offers residents expansive views of the nearby park and surrounding landscape. Designed with an elongated site layout and blocks oriented in the north-south direction, the project maximises natural ventilation whilst blending harmoniously with its surroundings. Precinct facilities, such as playgrounds and fitness corners, are thoughtfully placed to encourage interaction among residents.

Residents can relax and connect with neighbours at the residents' network centre, sky terrace, or the roof garden atop the Multi-Storey Car Park (MSCP). These green spaces will serve as a vital community hub, promoting residents' physical, mental, and social well-being. A 2-storey preschool facing the western park will offer outdoor amenities that create a vibrant learning environment for young children.

For a detailed layout of the facilities provided at Stirling Horizon, please refer to the site plan. Facilities in this project will be accessible to the public.

SMART SOLUTIONS

Stirling Horizon will come with the following smart solutions to reduce energy usage, and contribute to a safer and more sustainable living environment:

- Smart-Enabled Homes with provisions to facilitate adoption of smart home solutions
- Smart Lighting in common areas to reduce energy usage

EMBRACING WALK CYCLE RIDE

With an increased focus on active and healthy living, the housing precinct is designed with well-connected pathways to make it easier for residents to walk and cycle more as part of their daily commutes to the surrounding amenities and public transport:

- Convenient access and walking distance to public transport
- Safe, pleasant, and welcoming streets for walking and cycling
- Sheltered linkways and barrier free accessibility to facilities
- Wayfinding and signages for orientation and navigation

Stirling Horizon residents will be served by bus services and Queenstown MRT Station on the East-West Line that connects to nearby towns. Learn more about transport connectivity in this precinct using MyTransport.sg app at <https://www.lta.gov.sg/content/dam/ltagov/Home/PDF/MTM.pdf>.
